RUNDSCHREIBEN DER STÄDTEPARTNERSCHAFT BROMLEY-NEUWIED – HERBST 2016

A welcome of horns, an autumn wine festival and a visit to the home of a great statesman

IT WAS a wonderful biennial visit in September to our twin town Neuwied. Our hosts the Freundeskreis Neuwied-Bromley laid on what was possibly the most varied trip we have had over our 29 years of partnership.

It took in a visit to the Römerwelt (a reconstruction of a Roman fort on the border of the Roman Empire), a trip up the Dragon Mountain (Drachenfels), a moving visit to the home of Germany's first post-war Chancellor, Konrad Adenauer, and the autumn wine festival at Leutesdorf by the Rhine, one of the towns in the Neuwied District Council area.

In this newsletter, two of our members who made the trip cast a fond eye over a visit that packed in so much over a long weekend. Above, a welcome of horns for the Bromley party, and the Queen of the Wine Festival.

OUR GERMAN FRIENDSHIP WILL STAY STRONG

WHILE IN Neuwied our two twinning bodies naturally talked about the Brexit vote.

The BTТА has always been politically neutral and has been supported by people of all shades of opinion across the borough of Bromley.

We agreed with our Freundeskreis partners that we would keep our friendship going as strongly as before over our 29 years of partnership.
